### Capitalizing Days and Months Worksheet

Capitalization is the writing of a word with its first letter as upper case and the remaining letters in lower case. Capital letters are used to start sentences and identify proper nouns.

Directions: Re-write each sentence and capitalize all days and months correctly.

*Example A: My birthday is in the month of june.*

*Answer: My birthday is in the month of June.*

1. On monday, we will go to the library.

2. We will play basketball every wednesday in the gym.

3. The new year starts in the month of january.

4. School gets out in the month of june.

5. thursday, friday and saturday are my favorite days of the week.

6. Valentine's day fall in the month of february.

7. Independence day is in the month of july.

### Whales (continued)

compare and contrast

The sperm whale is strong and powerful and likes to eat squid. Squid are tough animals. The whale needs to fight the squid in order to eat it. Sperm whales live all over the world, but they usually stay away from the coldest waters near the North and South Poles. The sperm whale has a large head that is filled with a waxy substance called spermaceti. The spermaceti may help the whale float.

For hundreds of years, people have hunted whales. They have hunted them for their meat and blubber. Hunters have sold the parts of the whale for money. The blue whale's baleen was once sold to make jewelry. The sperm whale's spermaceti was sold to make candles and make-up. Some whales were becoming endangered because of the hunting. Now, whale hunting is against the law in most countries.

Complete the Venn diagram to compare blue whales and sperm whales.
